SUPPLEMENT TO
REPORT NO. 25X1X

1. Branchfactory at Rokycany (M50/L24), formerly firm of Tripol and Tudor.

The Ministry of National Defense (MNO) has ordered 2150 bicycles for 1949 in addition to the quantity planned for 1949 in the Five Year Plan.

2. Branch factory at Uhersky Brod (P50/T29)

The Five Year Plan for 1950 has been changed for this factory insofar as the production of sub-machine guns is concerned. Planned production of the submachine gun O17, model A, (infantry weapon) has been reduced from 105,000 units to 80,000 while the production of the sub-machine gun O17, model B, (parachutist weapon) has been increased from 15,000 units to 40,000. These figures have been only tentatively approved and are subject to further change by the MNO.

3. Branch factory at Strakonice, Moto Section

In addition to the planned production for 1949 at this factory, the Ministry of National Defense has ordered supplementary parts for 50 motorcycles, model 125 T.
